Health Saving Account (HSA)

To be eligible for the HSA, you must be enrolled in the HSA healthcare plan and not have other health care coverage that is not a qualified HDHP (high deductible health plan), including Medicare Part A or Part B or TRICARE programs. See plan documents for full details.

Tax Advantages

1. You contribute funds through pre-tax payroll deductions, which reduces the amount of taxable income—so less tax is withheld from your paycheck.
2. Funds grow tax-free, and unused funds roll over year to year.
3. You can withdraw funds tax-free to pay for qualified health care expenses—even for Medicare expenses in retirement.

Important: The HSA annual maximum contribution limits are shown below. The maximum limit includes both team member and employer contributions to the HSA.

HSA Contribution Limit	2023
Employee Only	\$3,850
Family	\$7,750
Catch-up (age 55+)	\$1,000
HSA Contribution Limit	2024
Employee Only	\$4,150
Family	\$8,300
Catch-up (age 55+)	\$1,000

For the 2023-2024 Plan Year (7/1/23 - 6/30/24) the College will contribute \$500 to your HSA

Funds are deposited into your account each pay date.

HSA Advantages

The HSA is an actual bank account and works differently than the Flexible Spending Account (FSA). The money in the account is yours to spend or save, even if you change plans, leave the college or retire. Keep in mind that only the funds in the account are available for use.

You can use your HSA funds to pay for qualified medical, dental or vision expenses. You can also let your account grow and use the funds for future health care expenses.

Invest your HSA today...HSAs are often thought of just for healthcare savings. They can also be a powerful addition to your investment portfolio. When you reach and maintain a minimum threshold of \$1,000, you can make investments to help your money grow tax-free.

Qualified Expenses

Your HSA enables you to pay for the following qualified health care expenses on a tax-free basis:

- ◆ Copays, coinsurance and deductibles
- ◆ Dental and orthodontic expenses
- ◆ Smoking cessation programs
- ◆ Qualified long-term care insurance and expenses
- ◆ Health insurance premiums when receiving unemployment compensation
- ◆ Wheelchairs, crutches and other hardware
- ◆ Medicare/retiree health insurance premiums (excluding Medicare Supplement/Medigap insurance premiums) and COBRA premiums.

For a full list of qualified expense as defined by the IRS, visit <https://www.hsabank.com/hsabank/Learning-Center/IRS-Qualified-Medical-Expenses>

Tips and Reminders

Here are some ways to make the most of your HSA:

- ◆ You can use the money in the account to pay for medical expenses for yourself or your tax-dependent family members—even if those dependents are not covered by your HSA medical plan.
- ◆ You can only use the funds available in your account—but you can always reimburse yourself later once you have accumulated funds in your account.
