SATISFACTORY ACADEMIC PROGRESS STANDARDS
FOR
VETERAN EDUCATION BENEFITS

Lewis & Clark Community College has established qualitative and quantitative measures for evaluating the efforts of veteran education benefits recipients to achieve an educational goal, degree, or certificate. An assessment of these efforts will occur each term. Terms include fall semester, spring semester, and summer sessions. In order to remain in good standing students must meet the following criteria.

1. Students must maintain a minimum 2.0 cumulative grade point average (CGPA).

2. Students must progress through their academic program at pace of completion that will ensure they will graduate within the maximum timeframe of their program. At the end of each semester or summer term, students must have earned at least 67% of all credit hours attempted through that semester or summer term.

3. Students pursuing an associate degree or certificate program may not exceed the maximum timeframe of their active program at Lewis and Clark. (All attempted hours include transfer hours and grades of F, W, I, and PR.).

4. Students who fail to meet the minimum grade point average requirement or the minimum completion rate requirement will be placed on "Warning" for the next semester of enrollment. Students on Warning have one semester to comply with the standards of academic progress. Failure to do so will result in ineligibility for veteran education benefits in the next semester of enrollment.

4. Students receiving the Montgomery G.I. Bill may repeat a course one time in which a passing grade was not attained. Students cannot receive payment for a course the second time if they passed the course the first time, unless the course is repeatable according to the L&C Catalog.

7. Students receiving veteran education benefits will only be certified for courses that apply towards their degree or approved certificate program while at Lewis & Clark Community College.

8. Students receiving veteran education benefits must promptly notify the L&C Veterans Office of any change in class enrollment. Failure to report these changes may cause overpayments and resulting financial hardship. You will be solely responsible for overpayments resulting from untimely reporting of changes.

9. Students receiving veteran education benefits must promptly notify the L&C Veterans Office of any change in address.

10. It is the veteran’s responsibility to notify the L&C Veterans Office at the beginning of each semester as to their enrollment status so that an Enrollment Certification (VA Form 22-1999) may be sent to the VA Regional Office. Failure to do this will result in a delay or non-payment of your educational benefits.

I ATTEST THAT I HAVE READ AND UNDERSTAND THE ABOVE STATEMENTS AND I WILL COMPLY WITH THEM.
