INDEPENDENT AUDITOR'S REPORT

Chairman and Board of Trustees Lewis and Clark Community College District 536 Godfrey, Illinois 62035

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of Lewis and Clark Community College District 536 ("College") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audits. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

233 East Center Drive, P.O. Box 416 Alton, Illinois 62002 (618) 465-7717 Fax (618) 465-7710

80 Edwardsville Professional Park Edwardsville, Illinois 62025 (618) 656-2146 Fax (618) 656-2147

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of Lewis and Clark Community College District 536 as of June 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

. .

. .

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis (pages 4 to 10) and pension funding information (pages 33 to 34) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Lewis and Clark Community College District 536's basic financial statements. The accompanying financial information listed in the table of contents under Parts III, IV, V and VI are presented for purposes of additional analysis and are not a required part of the financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and is also not a required part of the financial statements.

The accompanying financial information listed in the table of contents under Parts III, IV, V and VI, and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the financial information listed in the table of contents under Parts II, III, IV and V and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 18, 2022 on our consideration of Lewis and Clark Community College District 536's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting in accordance with *Government Auditing Standards* in considering Lewis and Clark Community College District 536's internal control over financial reporting and compliance.

L

This section of Lewis and Clark Community College's (College, L&C) annual audit presents management's discussion and analysis of the College's financial activity during the fiscal years ended June 30, 2021 and 2020. The management discussion and analysis is designed to focus on current activities, resulting changes and currently known facts and should be read in conjunction with the basic financial statements and footnotes. Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

In compliance with various pronouncements issued by the Government Accounting Standards Board (GASB), the financial format focuses on the College as a whole and provides a comprehensive one-line look at the entity. The format is designed to emulate corporate presentation models whereby all College activities are consolidated into one total. By combining and consolidating current financial resources with capital assets, the focus of the Statement of Net Assets is designed to present total financial position at the end of the annual reporting period. The Statement of Revenues, Expenses and Changes in Net Assets focuses on both the gross costs and the net costs of College activities that are supported mainly by property taxes, state revenue and other revenues. This statement is designed to present the annual combined changes in net assets of the College.

<u>Highlights</u>

e . .

- -

. .

k....

ι.

× -

. .

L .

--- e

In fiscal year 2021, L&C completed two projects focused on energy savings. The first included an addition of a solar panel on the roof of the Scott Bibb Center. This project provided an approximately 10KW solar installation with self-ballasted racking on the roof of the Center. Roof improvements such as walk-pads and railing were added as necessary. The second project targeted energy savings at the N.O. Nelson location. A retro commissioning study was conducted resulting in energy efficiency retrofits and upgrades that included light emitting diode (LED) lighting upgrades, heating, ventilation, and air conditioning (HVAC) controls optimization, building envelope improvements, variable-frequency drive (VFD) replacements, window replacements and storm window installations. The project is expected to deliver a 20-year net benefit of almost \$300,000 in operations and maintenance and utility savings. In addition to energy savings, there were demonstrations and education opportunities for the community and students as well as integration into the campus green dashboard. Both of these projects were funded through the College's affiliation and involvement with the Illinois Green Economy Network. The Illinois Green Economy Network is funded through an annual Illinois Environmental Protection Agency award.

Two active projects that were in planning stages when the pandemic of 2020 hit are still in process. These projects are being managed by the Capital Development Board (CDB) and are being funded in large part by state capital funds. The first project is a Caldwell Hall structure and foundation repair project. Caldwell Hall is one of the five connected buildings that comprise the area known as the Main Complex. The scope of work provides for addressing building envelope issues due to water infiltration through the masonry foundation. It will entail unearthing existing limestone

ι.

۰.

× -

foundation and repairing as necessary with tuckpointing and waterproofing. New drain and storm water piping will be installed to mitigate moisture issues. The project itself was approved by L&C Board of Trustees at its November 13, 2018 meeting, approved by CDB at its December 11, 2018 regular meeting and a contract with the architect was fully executed in May of 2019. In the fall of 2021, a contractor was selected and the first zone of work began this month. The overall budget is \$463,996 with approximately 67% of the project being funded from statewide emergency/deferred maintenance capital appropriation and 33% coming from local protection, health, safety funds. To date, only state funding has been applied to the project. The project is expected to be completed in June of 2022.

The second pre-pandemic project with CDB is HVAC upgrades to Haskell Hall. The fan coil unit system in Haskell Hall was installed during the last renovation of the building nearly 20 years ago and includes 60 fan coil units with 6 ceiling units delivering cool or warm air to each room and corridors. The current state of the equipment is inefficient cooling/heating air delivery with replacement parts being obsolete and restricting the ability for repair. Replacement of the fan coil units is necessary to maintain appropriate temperature levels in spaces that serve students, faculty/staff, and community members. CDB notified the College in the summer of 2019 of a release of funds for the replacement of the fan coil units in Haskell Hall which will ensure proper temperature management in the building. The project was approved was approved by L&C Board of Trustees at its July 9, 2019 meeting, approved by CDB at its November 12, 2019 regular meeting and a contract with the engineering firm was fully executed in January of 2020. Currently, CDB is in the final bidding stage of the project. The overall estimated budget is \$200,000 with 75% of the project being funded by statewide deferred maintenance capital appropriation and 25% coming from local protection, health, safety funds. As with the structure and foundation repair project, only state funding has been applied to the project to date.

In April of 2021, CDB reached out to the College to award a deferred maintenance project submitted in March of 2020 for a main campus fire alarm systems upgrade. This project will replace the aged fire alarm systems in eleven buildings – Gilman, Chapel, Ringhausen, Haskell, Main Complex, Trimpe, Evergreens, Montessori south building, Math, Commons, and Science buildings - located on the Godfrey campus. The remaining college-owned buildings have upgraded fire alarm systems that were completed during renovations. The project includes replacing panels and copper connections to the main panel with fiber for a more reliable system. The project was approved by L&C Board of Trustees at its May 11, 2021 meeting and CDB approved a contract with the engineering firm in December, 2021. Currently, CDB is in the design stage of the project. The overall estimated budget is \$391,100 with 75% of the project being funded through the state and 25% coming from local funds.

The fall semester of 2021 brought HVAC problems with the College's Main Complex and part of the complex was temporarily closed. The Main Complex is comprised of five historic building – Baldwin, Caldwell, Wade, Fobes, and Reid Halls. Totaling approximately 170,000 square feet, this space contains a number of classrooms and student service areas, such as the library, bookstore, enrollment services, financial aid and more. A renovation of the Main Complex was part of the state's Rebuild Illinois Capital Program in 2019; the closure of the complex jump-started movement on the project. Currently, CDB is in the process selecting the Architect-Engineer for the renovation. The overall estimated budget is \$50,000,000 with 75% of the project being funded by the Rebuild Illinois program and 25% coming from local funds.

ι,

Looking at fiscal year 2022, the budget was given approval by the trustees in July of 2021. The operating budget, in excess of \$31.7 million, enables the College to grow while maintaining quality programs. The budget includes salary increases, maintenance of health and dental insurance coverage, and the replacement of faculty positions in the areas of Counseling, Accounting, Dental Hygiene/Assisting and Music. The fiscal year 22 budget places special emphasis on the strategic plan, marketing, and enrollment and recruitment while maintaining reliability on other support functions of the College.

Financial Analysis of the College as a Whole

	Net Position As of June 30				
			Increase	Percent	
	2021	2020	(Decrease)	Change	
Current assets	\$68,536,755	\$91,223,245	(22,686,490)	-24.9%	
Non-Current assets	163,794,356	140,408,975	23,385,381	16.7%	
Total assets	232,331,111	231,632,220	698,891	0.3%

Unrestricted	(21,061,204)	(24,125,499)	3,064,295	12.7%	
Total Net Position	\$80,674,418	\$69,393,239	\$11,281,179	16.3%	

Not Desition As of June 20

Total net position at June 30, 2021 increased to \$80.7 million from \$69.4 million in fiscal year 2020. This increase is largely due to the retirement of debt in fiscal year 2021.

Total Assets increased by .3%. The major change in asset balances is a shift in the investment portfolio from all short-term investments to include long-term investments of \$28 million at yearend.

In FY 2021, Deferred Outflows of Resources had a 19.0% decrease, the largest impact being a reduction in Other Postemployment Benefits (OPEB). Deferred Inflows of Resources had a 30.2% increase. This increase also relates to the Other Postemployment Benefits (OPEB) which were reported for FY21. Please see Note 11 for additional information.

Long-Term Debt

At the end of 2021, the College had total long-term debt obligations of \$100,823,372 compared to \$111,235,061 at the end of 2020.

The College retired debt of \$13,322,763 and issued \$2,810,000 of General Obligation Refunding Bonds in the current year. Additional information related to long-term debt can be found in Note 7 of the financial statements.

Fixed Assets

The College reported net capital asset additions of \$286,383 in fiscal year 2021. Some of these additions were discussed in the financial highlights portion of the management's discussion and analysis.

Total depreciation related to the capital assets of the College was \$4,989,953 for the fiscal year ended 2021. Additional information related to fixed assets can be located in Note 4 of the financial statements.

Requests for Information

This financial report is designed to provide a general overview of the Lewis and Clark Community College District 536 for all those with an interest in the College's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the College's administrative office, 5800 Godfrey Road, Godfrey, IL 62035.

NOTES TO FINANCIAL STATEMENTS JUNE 30, 2021

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

The accounting policies of the College conform to accounting principles generally accepted in the United States of America as applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements as well as applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, and Accounting Principles Board Opinions. The following is a summary of the more significant policies.

(a) <u>Reporting Entity</u>

. .

7

ξ.

ι.

λ. .

The accompanying financial statements include all entities for which the College has financial accountability. In defining the financial reporting entity, the College has considered whether there are any potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GASB Statement Nos. 14 and 39. The primary criterion for including a potential component unit within the reporting entity is the financial accountability that the elected officials of the primary government have for the component unit. The criteria used in assessing financial accountability consist of (1) the economic resources received or held by the separate organization are entirely or almost entirely for the direct benefit of the primary government, its component units or its constituents (2) the primary government, or its component units, is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization (3) the economic resources received or held by an individual organization that the specific primary government, or its component units, is entitled to, or has the ability to otherwise access, are significant to that primary government.

Lewis and Clark Community College Foundation (Foundation) is a legally separate, tax-exempt component unit of the College. The Foundation was organized and operated exclusively for educational and charitable purposes designed to promote the welfare of the College. Because the resources of the Foundation are to be used substantially for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. Complete financial statements for the Foundation can be obtained from the administrative offices of the College located at 5800 Godfrey Road, IL 62035 or by calling (618) 468-7000.

, s

. .

, .

. .

ω.,

6......

ы. . .

. .

· · · -

• - --

The College is not aware of any entity whose elected officials are financially accountable for the operations of the College that would result in the College being considered a component unit of such entity.

(b) Measurement Focus, Basis of Accounting and Financial Statement Presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, includes property taxes; federal, state, and local grants; state appropriations and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the fiscal year when use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

(c) <u>Property Tax Revenue</u>

The College's property taxes are levied each calendar year on all taxable property located in the College's taxing district. Property taxes are recorded on the accrual basis of accounting. Property taxes have been recognized in the current year at fifty percent of the expected tax levy in the year that the taxes are levied and fifty percent in the following year in accordance with GASB.

Personal property replacement taxes are recorded on the accrual basis of accounting based on amounts collected and paid by the state.

(d) Inventories

Inventories are stated at the lower of cost or market. Cost is determined by the retail and first-in, first-out methods of inventory accounting.

(e) <u>Tuition</u>

. .

- -

. .

-

. .

2.1

. .

- -

1. 5

. . .

.

5 a

· - ----

Summer and Fall tuition is recorded as receivable at the time of registration. The amounts that are prepayments related to the subsequent fiscal year are reported as deferred revenue in the respective funds to which they apply.

(f) Cash and Cash Equivalents

For purposes of the statement of cash flows, the College considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

(g) Investments

Investments, consisting of certificates of deposit, term deposits, United States treasury notes, government notes, and corporate notes, are reported at fair value.

(h) Estimates

The College uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. These estimates and assumptions affect the reported amounts of assets and liabilities and the reported revenues and expenditures. Actual results could vary from these estimates.

(i) <u>Net Position</u>

The College's net position is classified as follows:

Net investment in capital assets – This represents the College's total investment in capital assets, net of accumulated depreciation and related debt.

Restricted net position – This includes resources that the College is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties. When both restricted and unrestricted resources are available for use, it is the College's policy to use restricted resources first, and then unrestricted resources when they are needed.

Unrestricted net position – This includes resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the governing board to meet current expenses for any purpose.

(j) <u>Classification of Revenue</u>

Operating revenues include activities that have the characteristics of exchange transactions, such as (1) student tuition and fees, and (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances. Non-operating revenue includes activities that have the characteristics of non-exchange transactions, such as (1) local property taxes, (2) state appropriations (3) most federal, state and local grants and contracts and federal appropriations, and (4) gifts and contributions.

(k) On-Behalf Payments for Fringe Benefits and Salaries

The College recognizes contributions, made on behalf of the College's employees by the State of Illinois, to the State Universities Retirement Systems as revenues and expenses. In fiscal year 2021, the state made pension contributions of \$18,176,908 and health insurance contributions of \$107,844.

NOTE 2: <u>PROPERTY TAXES</u>

e 16

, · · · .

7 .

The College's property tax is levied each year on all taxable real property located in the College's taxing district on or before the last Tuesday in December. The Board passed the levy on December 8, 2020. Property taxes attach as an enforceable lien on property as of January 1 and are payable in installments beginning approximately one to two months after billing by the various counties. The College receives significant distributions of tax receipts beginning in June or July of each year.

The following are the permissible tax rate limits and the actual rates levied per \$100 of assessed valuation:

		<u>Tax Ley</u>	y Years
	<u>Limit</u>	<u>2020</u>	<u>2019</u>
Education	\$ 0.1500	\$ 0.1496	\$ 0.1462
Operations and Maintenance	0.1000	0.0998	0.0975
Additional Education & Operations	0.0412	0.0355	0.0355
Liability/Judgments	No Limit	0.0567	0.0699
Protection Health Safety	0.0500	0.0499	0.0500
Audit	0.0050	0.0012	0.0014
Bond and Interest	No Limit	0.2592	0.2626
Restricted - Tech Plan	No Limit	0.0054	-
Social Security	No Limit	0.0051	0.0065
		\$ 0.6624	\$ 0.6696

NOTE 3: <u>CASH AND INVESTMENTS</u>

S. 1.

S. 5

At June 30, 2021, the carrying amount of the College's deposits was \$3,461,241 and the bank balance was \$4,065,077. The deposits were comprised of checking, interest checking, savings, and certificates of deposit.

<u>Custodial Credit Risk</u>. Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned to it. The College's investment policy requires collateralization of all deposits in excess of FDIC coverage. As of June 30, 2021, all deposits of the College were covered by FDIC insurance or collateralized by the financial institutions.

As of June 30, 2021, the College had the following investments:

•	Weighted Average	
Investment	Maturity (Years)	
The Illinois Funds (external investment pool)		\$ 399,222
IIIT Money Market Fund		23,839,715
Commercial Paper	0.34	374,681
US Treasury Notes	1.67	20,753,375
Supra-National Agency Notes	2.34	1,197,323
Municipal Bonds	2.33	129,920
FFCB	1,60	489,413
FHLMC	2.31	1,652,953
FNMA	2,41	748,963
Corporate Notes	2,43	4,927,958
		 54,513,523
Deposits as reported above		3,461,241
Cash on Hand		3,550
Total deposits and investments		\$ 57,978,314
As Reported in the Statement of Net Position:		
Cash and Cash Equivalents		\$ 576,714
Short-term Investments		29,312,649
Long-term Investments		28,088,951
		\$ 57,978,314

<u>Interest Rate Risk.</u> The College's investment policy limits investment maturities in order to maintain sufficient liquidity to reflect the cash flow needs of the fund type being invested. The policy also requires diversification of the investment portfolio via length of maturity as a means of managing its exposure to fair value losses arising from increasing interest rates.

The Illinois Funds are pooled investments that are operated by the State of Illinois as a not-for-profit common law trust and are not registered with the SEC. The funds are monitored regularly through the State by internal and external audits. The goals of the funds are to provide liquidity and to maintain balances that are equal to the par value of the invested shares with no loss to market fluctuations. The fair value of the College's position in the pool is the same as the value of the pool shares.

Foreign Currency Risk. As of June 30, 2021, the College did not have foreign currency risk.

<u>Credit Risk.</u> As of June 30, 2021, the College's investments credit ratings were as follows:

Investment	Standard & <u>Poor's Rating</u>	Moody's Investors Service Rating
The Illinois Funds (external investment pool)	AAAm	
IIIT Money Market Fund	AAAm	
Commercial Paper	A-1	P-1
Supra-National Agency Notes	AAA	Aaa
Municipal Bonds	A+	Aa3 to A2
FFCB	AA+	Aaa
FHLMC	AA+	Aaa
FNMA	AA+	Aaa
Corporate Notes	AAA to BBB+	Aaa to A3

<u>Concentration of Credit Risk.</u> As of June 30, 2021, the College did not have a concentration of investments in excess of 5%.

Capital assets include property, plant and equipment as well as infrastructure such as sidewalks and roads. Capital assets are defined by the College as assets with an initial unit cost of \$5,000 or more and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed.

Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of an asset are expensed.

The College had the following construction/renovation projects in progress as of June 30, 2021:

The College is in the process of constructing a new building for the Montessori Day Care, which is being funded by State capital grant funds and local funds. The costs related to this project are \$172,907 as of June 30, 2021. The total estimated costs of the project are \$2,200,000.

The College is in the initial stages of performing foundation and structural repairs for Caldwell which is being funded by State capital grant funds and local funds. The costs related to this project are \$24,212 as of June 30, 2021. The total estimated costs of the project are \$463,966.

The College is in the initial stages of a fan coil replacement project in Haskell Hall. The costs related to this project are \$8,915 as of June 30, 2021. This project is being funded by State capital grant funds and local funds. The total estimated costs of the project are \$200,000.

The College completed three projects in the current year and the related costs of \$245,448 were transferred from construction in progress to equipment and buildings and land improvements.

NOTE 5: PROPERTY TAXES RECEIVABLE

The following is a summary of taxes receivable and related accounts as of June 30, 2021:

On February 20, 2014, the College issued \$11,055,000 of General Obligation Alternate Revenue Bonds, Series 2014. The remaining maturities are due in annual payments ranging from \$540,000 to \$1,380,000 at an interest rate of 5.0%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1.

<u>\$ 1,920,000</u>

<u>\$</u>14,300,000

On May 5, 2015, the College issued \$17,025,000 of General Obligation Refunding Bonds, Series 2015A. The remaining maturities are due in annual payments ranging from \$370,000 to \$3,320,000 at interest rates of 5.00%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund a portion of the Series 2004A General Obligation Funding Bonds, Series 2005A General Obligation Funding Bonds, and Series 2007 General Obligation Bonds.

On May 5, 2015, the College issued \$3,990,000 of General Obligation Refunding Bonds, Series 2015B (Alternate Revenue Source). The remaining maturities are due in annual principal payments ranging from \$75,000 to \$100,000 at an interest rate of 3.00%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund a portion of the Series 2004B General Obligation Bonds and the Series 2005B General Obligation Bonds.

On August 4, 2015, the College issued \$17,405,000 of Taxable General Obligation Bonds, Series 2015E. The maturities are due in annual payments ranging from \$2,325,000 to \$2,855,000 at interest rates of 4.95% to 5.25%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund the Series 2015C Bonds. <u>\$.285,000</u>

<u>\$12,905,000</u>

On August 4, 2015, the College issued \$4,530,000 of General Obligation Bonds, Series 2015F. The maturities are due in annual principal payments ranging from \$105,000 to \$920,000 at interest rates of 2.25% to 5.00%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund the Series 2015D Bonds.

On June 1, 2016, the College issued \$8,000,000 of Taxable General Obligation Bonds, Series 2016. The maturities are due in annual principal payments ranging from \$780,000 to \$930,000 at interest rates of 3.00% to 4.00%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued for working cash purposes.

On July 26, 2017, the College issued \$14,200,000 of General Obligation Refunding Bonds, Series 2017A and \$14,994,479 of Taxable General Obligation Bonds, Series 2017B. The Series 2017A Bonds were issued to defease the remaining outstanding portion of the General Obligation Bonds Series 2007A Bonds. The Series 2017B Bonds were issued to redeem the Taxable General Obligation Series 2017 Bonds. The maturities are due in annual payments ranging from \$200,000 to \$8,200,000 at interest rates of 2.45% to 5.00%. A portion of the 2017B Bonds are recorded as a deep discount instrument. This debt is reflected at its face amount less the discount, which is presented as a direct deduction. The discount is accreted over the life of the bonds using the interest method. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1.

· · · ·

....

£ ... 2

On February 18, 2020, the College issued \$31,560,000 of General Obligation Refunding Bonds, Series 2020. The remaining maturities are due in annual payments ranging from \$1,445,000 to \$4,805,000 at an interest rate of 4.00%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund a portion of the Series 2010B General Obligation Bonds, the Series 2010C General Obligation Bonds and the Series 2012 General Obligation Bonds.

<u>\$3,340,000</u>

<u>\$ 5,100,000</u>

, . . .

.....

۱....

. .

On February 26, 2021, the College issued \$2,810,000 of General Obligation Refunding Bonds, Series 2021. The remaining maturities are due in annual payments ranging from \$406,000 to \$1,755,000 at interest rates of 1.01% to 1.09%. The issue provides for retirement of principal on November 1 of each year, with interest payable May 1 and November 1. These bonds were issued to refund a portion of the Series 2013 General Obligation Bonds.

<u>\$</u> 2,810,000

The General Obligation Refunding Bonds, Series 2021 were issued at interest rates of 1.01% to 1.09% to advance refund \$2,775,000 of 2013 General Obligation Bonds with interest rates of 2.50%. The net proceeds of \$2,800,245 were deposited in a trust with an escrow agent to provide for all future debt service payments on the Series 2013 General Obligation Bonds. As a result of the transaction, the 2013 General Obligation Bonds are considered to be defeased and the liability for those bonds has been removed from the balance sheet of the College. These bonds were all retired in the current fiscal year. The transaction results in an overall debt service payment savings of \$167,587, with a net present value savings of \$105,514.

The annual requirements to amortize all long-term debt outstanding as of June 30, 2021, including interest of \$26,448,150, are as follows:

Fiscal Year	Bonds						
Ending	<u>Principal</u>		<u>Interest</u>				
2022	\$ 9,366,000	\$	3,870,139

......

General Information about the Pension Plan

Plan Description. The College contributes to the State Universities Retirement System (SURS), a cost-sharing multiple-employer defined benefit plan with a special funding situation whereby the State of Illinois (State) makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the state's financial reports as a pension trust fund. SURS is governed by Chapter 40, Act 5, Article 15 of the Illinois Compiled Statutes. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org.

Benefits Provided. A traditional benefit plan was established in 1941. Public Act 90-0448 enacted effective January 1, 1998, established an alternative defined benefit program known as the portable benefit package. The traditional and portable plan Tier 1 refers to members that began participation prior to January 1, 2011. Public Act 96-0889 revised the traditional and portable benefit plans for members who begin participation on or after January 1, 2011, and who do not have other eligible Illinois reciprocal system services. The revised plan is referred to as Tier 2. New employees are allowed 6 months after their date of hire to make an irrevocable election whether to participate in either the traditional or portable benefit plans. A summary of the benefit provisions as of June 30, 2020 can be found in SURS comprehensive annual financial report (CAFR) Notes to the Financial Statements.

Contributions. The State of Illinois is primarily responsible for funding the System on behalf of the individual employers at an actuarially determined amount. Public Act 88-0593 provides a Statutory Funding Plan consisting of two parts: (i) a ramp-up period from 1996 to 2010 and (ii) a period of contributions equal to a level percentage of the payroll of active members of the System to reach 90% of the total Actuarial Accrued Liability by the end of Fiscal Year 2045. Employer contributions from "trust, federal, and other funds" are provided under Section 15-155(b) of the Illinois Pension Code and require employers to pay contributions which are sufficient to cover the accruing normal costs on behalf of applicable employees. The employer normal cost for fiscal year 2020 and fiscal year 2021, respectively, was 13.02% and 12.70% of employee payroll. The normal cost is equal to the value of current year's pension benefit and does not include any allocation for the past unfunded liability or interest on the unfunded liability. Plan members are required to contribute 8.0% of their annual covered salary, except for police and fire fighters who contribute 9.5% of their earnings.

. .

a-----

.

. .

Sec. 10

s. .

1 ...

ι...

The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly.

Participating employers make contributions toward separately financed specific liabilities under Section 15.139.5(e) of the Illinois Pension Code (relating to contributions payable due to the employment of "affected annuitants" or specific return to work annuitants) and Section 15.155(g) (relating to contributions payable due to earning increases exceeding 6% during the final rate of earnings period), and Section 15-155(j-5) (relating to contributions payable due to earnings exceeding the salary set for the Governor).

Employer Deferral of Fiscal Year 2021 Pension Expense

The College paid \$314,241 in federal, trust or grant contributions for the fiscal year ended June 30, 2021. These contributions were made subsequent to the pension liability measurement date of June 30, 2020 and are recognized as deferred outflows of resources as of June 30, 2021.

Pension Liabilities, Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

Net Pension Liability

The net pension liability was measured as of June 30, 2020. At June 30, 2020, SURS reported a net pension liability (NPL) of \$30,619,504,321.

Employer Proportionate Share of Net Pension Liability

The amount of the proportionate share of the net pension liability to be recognized for the College is \$0. The proportionate share of the State's net pension liability associated with the College is \$165,428,041 or 0.5403%. The College's proportionate share changed by .0112% from .5515% since the last measurement date on June 30, 2019. This amount is not recognized in the College's financial statement. The NPL and total pension liability as of June 30, 2020 was determined based on the June 30, 2019, actuarial valuation rolled forward. The basis of allocation used in the proportionate share of net pension liability is the actual reported pensionable earnings made to SURS during fiscal year 2020.

Pension Expense

At June 30, 2020, SURS reported a collective net pension expense of \$3,364,411,021.

Employer Proportionate Share of Pension Expense

The employer proportionate share of collective pension expense is recognized as nonoperating revenue with matching operating expense (compensation and benefits) in the financial statements. The basis of allocation used in the proportionate share of collective pension expense is the actual reported pensionable contributions made to SURS during fiscal year 2020. As a result, the College recognized revenue and pension expense of \$18,176,908 from this special funding situation for the fiscal year ended June 30, 2021.

Total	<u>\$ 1,118,666,290</u>				

Assumptions and Other Inputs

Actuarial assumptions. The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period June 30, 2014 through 2017. The total pension liability in the June 30, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25 percent
Salary increases	3.25 to 12.25 percent, including inflation
Investment rate of return	6.75 percent beginning with the actuarial valuation as of June 30, 2018

Mortality rates were based on the RP-2014 White Collar, gender distinct tables with projected generational mortality and a separate mortality assumption for disabled participants

Sec. 2

د.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return were adopted by the plan's trustees after considering input from the plan's investment consultant(s) and actuary(s). For each major asset class that is included in the pension plan's target asset allocation as of June 30, 2020, these best estimates are summarized in the following table:

	Strategic	Weighted Long-Term Expected
Asset Class	Policy Allocation	Real Rate of Return
Global Public Equity	44.0%	6.67%
Credit Fixed Icome	14.0%	2.39%
Core Real Assets	5.0%	4.14%
Options Strategies	6.0%	4.44%
Private Equity	8.0%	9.66%
Non-Core Real Assets	3.0%	8.70%
U.S. TIPS	6.0%	0.13%
Core Fixed Income	8.0%	-0.45%
Direct Real Estate	0.0%	0.00%
Systematic Trend Following	2.1%	2.16%
Alternative Risk Premia	1.8%	1.60%
Long Duration	2.1%	<u>0.86%</u>
Total	100.0%	4.84%
Inflation		2.25%
Expected Arithmetic Return		7.09%

Discount Rate. A single discount rate of 6.49% was used to measure the total pension liability. This single discount rate was based on an expected rate of return on pension plan investments of 6.75% and a municipal bond rate of 2.45% (based on the weekly rate closest to but not later than the measurement date of the 20-Year Bond Buyer Index as published by the Federal Reserve). The projection of cash flows used to determine this single discount rate were the amounts of contributions attributable to current plan members and assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the statutory contribution rates under the SURS funding policy. Based on these assumptions, the pension plan's fiduciary net position and future contributions were sufficient to finance the benefit payments through the year 2075. As a result, the long-term expected rate of return on pension plan investments was applied to projected benefit payments through the year 2075, and the municipal bond rate was applied to all benefit payments after that date.

Sensitivity of the System's Net Pension Liability to Changes in the Discount Rate. Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following presents the plan's net pension liability, calculated using a single discount rate of 6.49%, as well as what the plan's net pension liability would be if it were calculated using a single discount rate that is 1 percentage-point lower or 1 percentage-point higher:

1% Decrease Rate Assumption				1% Increase
5.49%			6.49%	 7.49%
\$	36,893,469,884	\$	30,619,504,321	\$ 25,441,837,592

Additional information regarding the SURS basic financial statements including the Plan Net Position can be found in the SURS comprehensive annual financial report by accessing the website at www.SURS.org.

The College participates in the Community College Health Insurance Security Fund, also known as the College Insurance Program (CIP), a cost-sharing, multiple-employer defined benefit postemployment healthcare plan that was established by the Illinois legislature for the benefit of employees of community colleges.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the CIP Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) and requires all active contributors of the SURS, who is a full time employee of a community college district or an association of community college boards, to make contributions to the plan at the rate of 0.5% of salary. The same section of statute requires every community college district or association of community college boards that is an employer under SURS, to contribute to the plan an amount equal to 0.5% of the salary paid to its full time employees who participate in the plan. The State Pension Funds Continuing Appropriation Act (40 ILCS 15/1.4) requires the State to make an annual appropriation to the fund in an amount certified by the SURS Board of Trustees.

The College makes contributions to CIP Fund. The College CIP Fund contribution was \$107,844 during the year ended June 30, 2021. The employees also made the same contribution to the CIP Fund for the year ended June 30, 2021.

The ending total proportionate OPEB liability of the College is \$21,885,197 as of June 30, 2020. This amount decreased from \$22,816,742 at the end of the prior year. The associated deferred inflows and deferred outflows related to the OPEB liability was \$4,998,635 and \$434,593, respectively, as of the year ended June 30, 2020.

The publicly available financial report of the CIP Fund may be found on the website of the Illinois Auditor General: <u>http://www.auditor.illinois.gov</u> which includes the financial statements of the Department of Central Management Services. Questions regarding the financial statements can be addressed to the Department of Central Management Services at 401 South Spring, Springfield, Illinois, 62706. A copy of the actuarial valuation report will be made available by the Commission on Government Forecasting and Accountability on its website at <u>http://cgfa.ilga.gov</u>.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

These pension schedules are presented to illustrate the requirements of the Governmental Accounting Standard Board's Statement No. 68 to show information for ten years. However, until a full 10-year trend is compiled, the College will only present available information measured in accordance with the requirements of Statement No. 68.

Changes of benefit terms. There were no benefit changes recognized in the Total Pension Liability as of June 30, 2020.

Changes of assumptions. In accordance with Illinois Compiled Statutes, an actuarial review is to be performed at least every three years to detennine the reasonableness of actuarial assumption regarding the retirement, disability, mortality, turnover, interest, and salary of the members and benefit recipients of SURS. An experience review for the years June 30, 2014, to June 30, 2017, was performed in February 2018, resulting in the adoption of new assumptions as of June 30, 2018.

Salary Increase, Decrease in the overall assumed salary increase rates, ranging from 3.25 percent to 12.25 percent based on years of service, with underlying wage inflation of 2.25 percent.

Investment return. Decrease the investment return assumption to 6.75 percent. This reflects maintaining an assumed real rate of return of 4.50 percent and decreasing the underlying assumed price inflation to 2.25 percent.

Effective rate of interest. Decrease the long-tern assumption for the effective rate of interest for crediting the money purchase accounts to 6.75 percent (effective July 2, 2019).

Normal retirement rates. A slight increase in the retirement rate at age 50. No change to the rates for ages 60-61, 67-74 and 80+, but a slight decrease in rates at all other ages. A rate of 50 percent if the member has 40 or more years of service and is younger than age 80.

Early retirement rates. Decrease in rates for all Tier 1 early retirement eligibility ages (55-59).

5 12

Turnover rates. Change rates to produce lower expected turnover for members with less than 10 years of service.

Mortality rates. Maintain the RP-2014 mortality tables with projected generational mortality improvement. Update the projection scale from the MP-2014 to the MP-2017 scale.

Disability rates. Decrease current rates to reflect that certain members who receive disability benefits do not receive the benefits on a long-term basis.

AUDITOR'S REPORT ON COMPLIANCE WITH STATE REQUIREMENTS FOR ADULT EDUCATION & FAMILY LITERACY GRANTS

Chairman and Board of Trustees Lewis and Clark Community College District 536 Godfrey, Illinois 62035

We have audited the balance sheets of the Adult Education & Family Literacy grants of Lewis and Clark Community College District 536 as of June 30, 2021, and the related statements of revenues, expenditures and changes in fund balance - actual for the year then ended. These financial statements are the responsibility of Lewis and Clark Community College District 536's administration. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards and the grant policy guidelines of the Illinois Community College Board's *Adult Education and Family Literacy Audit Requirements.* Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by the management, as well as evaluating the overall financial statement presentation. Our audit also included a review of compliance with the provisions of laws, regulations, contracts and grants between Lewis and Clark Community College District 536 and the State of Illinois and Illinois Community College District 536 is in compliance with the provisions of laws, contracts and ICCB policy guidelines for restricted grants.

In our opinion, such financial statements referred to above present fairly, in all material respects, the financial position of the Adult Education & Family Literacy grants of Lewis and Clark Community College District 536 at June 30, 2021, and the results of their operations for the year then ended in conformity with generally accepted accounting principles.

ILLINOIS COMMUNITY COLLEGE BOARD GRANT PROGRAMS NOTES TO GRANT FINANCIAL STATEMENTS FOR THE YEAR ENDED JUNE 30, 2021

NOTE 1: <u>SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES</u>

a. General

, · •

. .

τ.,

s

s. ...

s......

· _ - /

The accompanying statements include only those transactions resulting from the Adult Education & Family Literacy grant programs. These transactions have been accounted for in the Restricted Purposes Fund.

b. Basis of Accounting

The statements have been prepared on the modified accrual basis. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2021. Funds obligated for goods prior to June 30 for which goods are received prior to August 31 are recorded as encumbrances. Unexpended funds, if any, are reflected as a reduction of fund balance and a liability due to the ICCB by October 15.

c. <u>Fixed Assets</u>

Fixed asset purchases are recorded as capital outlay and not capitalized.

NOTE 2: <u>BACKGROUND INFORMATION RELATED TO STATE GRANT</u> <u>ACTIVITY</u>

Unrestricted Grants

Base Operating Grants

General operating funds provided to colleges based upon credit enrollment.

Equalization Grants

Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF ENROLLMENT DATA AND OTHER BASES UPON WHICH CLAIMS ARE FILED

Chairman and Board of Trustees Lewis and Clark Community College District 536 Godfrey, Illinois 62035

We have audited the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed of Lewis and Clark Community College District 536 for the year ended June 30, 2021. The Schedule of Enrollment Data and Other Bases Upon Which Claims Are Filed is the responsibility of the College's Management. Our responsibility is to express an opinion on the schedule based upon our examination.

Our examination was made in accordance with the guidelines of the Illinois Community College Board's *Fiscal Management Manual* and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

In our opinion, the accompanying Schedule of Enrollment Data and Bases Upon Which Claims Are Filed is fairly presented in accordance with the provisions of the aforementioned guidelines.

DOCUMENTATION OF RESIDENCY VERIFICATION STEPS JUNE 30, 2021

The College adheres to the rules and policies of the Illinois Community College Board in documenting student residency.

The College procedure is as follows:

---- .

.- · -

. . . .

£. .

Upon initial contact with students, the College receives admission forms and other documents indicating residency. To be coded "in-district", each student must have lived at the in-district address supplied on forms for at least 30 days prior to the official beginning date of the semester and show proof of his/her residency at this address by providing one of the following documents:

- a. An Illinois driver's license
- b. An Illinois auto license registration
- c. An Illinois voter's registration card
- d. An Illinois property tax statement
- e. A document showing the student's past or existing status as an in-district student, e.g. a high school transcript
- f. Other non-self serving documentation

After the College staff member has witnessed the above documentation verifying residency, a code is entered on the student's computer record indication verification of residency. The student is automatically coded as the appropriate residence status within the Ellucian Colleague system.

Students who live out-of-district and work at least 35 hours per week in-district are eligible to receive the in-district tuition rate. The College requires documentation from the student's employer to be eligible. While the College serves very few students who meet the following criteria, these students also qualify for in-district status if the appropriate documentation is provided: Federal job corps workers stationed in Illinois; members of the armed forces stationed in Illinois; and inmates of state correctional/rehabilitation institutions located in Illinois.

The College periodically updates staff training to properly administer the residency policies and procedures.

The accompanying Schedule of Expenditures of Federal Awards presents the activity of all federal award programs of Lewis and Clark Community College District 536 (College). The College's reporting entity is defined in Note 1 to the College's financial statements.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented using the modified accrual basis of accounting.

Relationship to General Purpose Financial Statements

Federal awards received are reflected in the College's financial statements within the Restricted Purposes Fund as receipts from federal sources.

Relationship to Program Financial Reports

Amounts reported in the accompanying Schedule of Expenditures of Federal Awards agree with amounts reported in financial claim reports for programs that have filed final reports as of June 30, 2021, with various funding agencies.

Noncash Assistance, Federal Insurance and Loans/Loan Guarantees

The College did not receive any noncash assistance for the year ended June 30, 2021. The College also did not receive any federal guaranteed loans or federal insurance for any of its programs for the year ended June 30, 2021.

Subrecipient Monitoring

The College did not have any federal funds that were passed through to subrecipients during the year ended June 30, 2021.

Indirect Cost Rate

The College has developed and used an indirect cost rate of 37% for On-campus programs and 16% for Off-campus programs.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS JUNE 30, 2021

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Chairman and Board of Trustees Lewis and Clark Community College District 536 Godfrey, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Lewis and Clark Community College District 536 ("College") as of and for the year ended June 30, 2021, and the related notes to the financial statements, which collectively comprise the College's basic financial statements, and have issued our report thereon dated March 18, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the College's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the College's internal control. Accordingly, we do not express an opinion on the effectiveness of the College' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

× ...

As part of obtaining reasonable assurance about whether the College's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Chairman and Board of Trustees Lewis and Clark Community College District 536 Godfrey, Illinois

Report on Compliance for Each Major Federal Program

We have audited Lewis and Clark Community College District 536's ("College") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the College's major federal programs for the year ended June 30, 2021. The College's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of College's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the College's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the College's compliance.

Opinion on Each Major Federal Program

In our opinion, the College complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major

233 East Center Drive, P.O. Box 416 Alton, Illinois 62002 (618) 465-7717 Fax (618) 465-7710

federal programs identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs for the year ended June 30, 2021.

Report on Internal Control Over Compliance

Management of the College is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the College's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the College's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency or compliance over compliance is a deficiency of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance what we consider to be material weaknesses. However material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
