

On-line Food Manager Certification prep course & Proctored Exam

Need to earn or renew your Food Service Manager certificate? Already working in the industry? This course meets the 8-hour training requirement for Food Service Managers Certification

or recertification in the state of Illinois, as well as national requirements. Topics will include the introduction to food safety, cross contamination, personal hygiene, Hazard Analysis Critical Control Point (HACCP) and other topics detailed in the flow of food.

Participants will be sent a link to begin their on-line course once registered for one of the exam dates listed below. A 90% score on the post exam is recommended to sit for the ServSafe proctored exam. Participants will have multiple chances to take the post exam. This course and at least a 75% post exam score must be completed prior to their scheduled proctored exam date. Participants may also request to borrow the ServSafe Manager 7th edition book for additional study material which can be picked up at the Bethalto Education Center (1136 East Airline Drive, East Alton IL).
