### General Education Assessment Learning Outcomes Definitions

**Writing:** effective skill in writing, as demonstrated by a clear purpose, logical and adequate details, appropriate organization, and sentence-level clarity.

**Speaking/Oral Presentation:** effective skill in recognizing and employing criteria in formal speech presentations, including both verbal and nonverbal techniques, to enhance delivery.

**Critical Thinking:** effective skill in articulating and evaluating arguments using both deductive and inductive reasoning, utilizing rudimentary principles of the scientific method, and applying these skills to problem solving. Components include: reasoning (inferential discourse and scientific reasoning) and practical problem solving.

**Mathematical Reasoning:** effective skill in basic mathematical computation and comprehension of quantitative information, including application in a variety of situations. Components include: number sense, statistics, and applied math.

**Teamwork Skills:** effective skill working cooperatively with others to achieve a common goal. Components include awareness of a common goal, evidence of cooperation, collaboration, and focus on the team goal.

**Diversity Appreciation:** effective skill in identifying, comparing, contrasting, and understanding the interdependencies and conflicts of diverse communities on national, regional, local, and/or personal levels.
