The nursing pre-entrance exam (TEAS) may be taken an unlimited number of times. However, you can only test one time during a testing period. For example, you may only take the exam one time during the April 2025 testing period. You cannot retake the test again until the Fall 2025 semester (normally in October). Once you test, your scores are good for 5 years. This is an online test.

Only test scores completed at L&C will be considered.

NOTE: These testing dates are for students who wish to be considered for admission in January (Spring semester) of 2026 or later.

TEAS Study Packages: The study packages range from \$0 for the TEAS App to \$215 for the Comprehensive Package. Go to <https://www.atitesting.com/teas> for options.

Testing Information: Areas to study: Reading, Math, English and Language. We are not testing on any science. Students must receive the following minimum scores to be considered for the program: Reading – 71.8%; Math – 76.5%; English & Language – 63.6%. Once the minimum requirements are met, we then use a point system for individual sections. Those receiving the most points and who have met all requirements will then be selected for admission. **Please note that meeting the minimum requirements does not guarantee admission into the program. If you have not met the minimum score requirements, you will not be considered for admission.** You can continue to take the test one time during each testing period. Students must also have an overall cumulative GPA of 2.75 or better for the last 5 years in order to be considered for admission. Please go to the nursing homepage on the L&C website at www.lc.edu/nursing for admission requirements.
