

State/Territory	License Title	Educational Requirements Met?	Curriculum Comparison Needed?	Exam(s) Required	Board/Agency Name	Board/Agency Website	Notes
*KEY	Specific title of license issued by the state/territory. Note, if a state/territory issues a required time-limited license for purposes of gaining supervised experience after graduating that has different educational requirements, information for this type of license and the next-level license is provided. Curriculum should be compared to all relevant titles/levels in order to determine if a program "meets" educational requirements.	Conditional	comparison of the program to specific state standards/coursework /supervised experience listed is needed to determine if the program meets educational requirements for licensure. "No" means a program does not need to compare their program to specific state/territory educational requirements. In most instances, the Board/Agency is relying on specialized accreditation or approval, license applicants holding certification, or license applicants meeting	Any exams required for the type of license. "None found" means that the state/territory does not specify an exam for that particular license. "N/A" means the state/territory does not offer a license.	Licensing board or agency name		State has conditional or case-by-case reciprocity requirements.
