

BLAZE A TRAIL TO

UNIVERSITY OF ILLINOIS COLLEGE OF ENGINEERING

AT LEWIS AND CLARK COMMUNITY COLLEGE

Same Degree, Different Path

Start your path toward a University of Illinois Engineering degree at L&C – you'll enjoy small class sizes and save thousands on tuition costs.

You'll complete four semesters of work at L&C with a cohort of other students in the same program as you work toward your transfer. Work with an advisor to complete specific coursework while maintaining a B or better in each course and minimum 3.5 cumulative and technical GPAs to guarantee entrance into U of I Engineering, a Top 6 program in the country.
