

Name _____

Course _____

Rubric for Oral Presentations

Score	Explanation
5	Superior - Element being evaluated is superbly effective. There is little to no room for improvement.
4	Good - Element being evaluated is effective. Minor adjustments would make it superb.
3	Average - Element being evaluated is adequate. Basic requirements are covered but need improvement.
2	Below Average - Element being evaluated is less than adequate. One or more basic requirements are missing, and those that are included are poorly executed. Needs significant improvement.
1	Nonexistent/Unacceptable - Element being evaluated is either not there or is extremely ineffective. Most of the basic requirements are missing, and those that are included are very poorly executed. Needs major improvement.
