**Renting an Apartment**

**Inspection**
- The apartment should be inspected before you move in
- Contact your local housing or building department to request an inspection
- If the apartment does not pass inspection, do not move in until it does

**Lease**

*What should be stated in the lease?*
- The amount of the rent
- How long the lease will last
- How the lease should end
- How to renew the lease
- How much will be charged if rent is paid late
- Who is responsible for repairs and how to get repairs made
- When the landlord can enter the apartment and what type of permission or notice to you is needed
- Any other promises made by the landlord

*What to do if you do not understand your lease:*
- Ask the landlord to take the lease with you to look over before you sign it. Make sure you understand all of the provisions. Do not rely on the landlords representations as to what the lease means.
• If something in the lease is unclear, you should contact an attorney to review the lease for you. You should ask the landlord to clarify that provision or replace it with the explanation he or she gave you.
• If the landlord refuses to clarify, you should be weary of the landlord’s explanation of the provision.
• If there are parts of the lease that you do not agree with ask the landlord politely to change the part that you do not agree with. If he refuses, you should not sign the lease.

Repairs
What should I do about repairs that are needed before I move in?
• Some damage will be of a nature that you should note that it exists, but will not need replacing. For instance, a spot on the carpet should be noted, but as long as the carpet is clean, it does not need replacing.
• On the other hand, a cracked window should be noted and you should request that the landlord repair it before you move in.
• Do not sign a lease until all repairs that have been requested are made.
• If the landlord tells you the repairs have been completed, politely request that he or she walk you through once more before you sign the lease.
• Most leases state that all promises that have been made are stated in the lease and no promises were made. If he or she promised to make a repair and it is not provided for in the lease, it will be presumed that the promise was not made. You will have to prove that the promise was made.
• To prevent from having to prove that the promise was made, make sure all promises are fulfilled before signing the lease or that the promises are in writing. At the very least, you should have a witness present at the making of the promise.

Application Fee
• Application fees are charged for the cost of checking your employment, references, and credit to determine if you qualify to rent the apartment. Application fees range from $0 to $50.
• You should get a receipt for the application fee. Most application fees are non-refundable. If you are told that the application fee is refundable, make sure that your receipt or other document says so.

Security Deposit
• Security deposits are paid before you move into an apartment. As with all the money paid to the landlord, you should get a receipt.
• You should have your landlord write on the security deposit receipt that it is refundable.
  Your landlord may deduct an unpaid rent or the cost to repair any damage to the apartment caused by you or your guests.

Dental Care
Lewis & Clark Community College
Paul B. Hanks
Dental Clinic (618)468-4463
www.Lc.edu/Dental_clinic/

Services offered by the LCCC Dental Clinic include a thorough assessment, a
treatment plan, preventative (teeth cleaning) or therapeutic periodontal
treatment, oral hygiene instructions, placing preventative agents (fluoride,
sealants), and any necessary referral for treatment outside the realm of our
services, and follow-up care.

The dental hygiene students’ thorough oral assessment includes an oral cancer
exam, periodontal exam, charting of existing conditions and radiographs (X-rays).

The students are supervised by licensed dental hygienists and dentists during
diagnosis and treatment, which may include a dental cleaning or more intensive
treatment for periodontal/gum disease. Appointment days and times vary each
semester, so please call for more information.

Examinations: $12
X-Rays: $6 to $20
Cleanings: Start at $15
All Exams + X-Rays + Cleaning: $28
The Special Needs Dental Care Program works to increase oral health services for special needs children. The Special Needs Dental Care Program is focused on serving low-income children who have Cerebral Palsy, Down syndrome, Autism, Attention-Deficit/Hyperactivity Disorder, and other neurological disorders and genetic syndromes, as well as children with heightened anxiety due to age or other factors.

The Veterans Dental Care Program works to help offset the costs of free or reduced fee dental care delivered to veterans of the United States Armed Forces (including the United States Coast Guard) in the School’s patient clinics. The goal of the program, simply put, is to increase access to care and oral health services for area veterans.
