

Lewis and Clark Community College's Plan for a **SAFE RETURN TO CAMPUS**

On Monday, July 6, Lewis and Clark Community College will begin making a safe return to campus. We are committed to providing quality educational and student support services, while at the same time taking precautions to ensure the safety of our students and team members during these challenging times.

For Your Safety, And Ours

Let's all do our part to stop the spread and possible future outbreaks of COVID-19.

- **DO NOT come to campus if you are sick!**
- Wear a mask or cloth face covering while on campus as required by state guidelines. (Disposable masks will be provided on request, as long as supplies are available.)
- Respect social distancing practices (stay 6+ feet away from others when possible and avoid gathering in groups).
- Wash/sanitize your hands thoroughly and frequently (and don't touch your face!)
- Remember to be respectful of others and their varying needs and viewpoints.
- Know the facts about COVID-19. Visit www.cdc.gov/coronavirus.

We've Been Busy, Too

- Custodial has been on campus since May, sanitizing classrooms and other areas, and will continue to be a presence on campus.
- Service areas and classrooms have been set up for social distancing.
- Schedules have been optimized to minimize traffic on campus.
- Lewis and Clark leadership continues to monitor the pandemic. **Look for updates at www.lc.edu/coronavirus.**

We're In This Together

Lewis and Clark will follow all IDPH and CDC recommendations as required to be able to resume on-campus instruction and services. We expect that those who return to campus will also follow these requirements. Respect and responsibility are among L&C's core values and will allow us to continue working toward fulfilling the college's mission. Those not willing to comply should look at utilizing our online or virtual offerings and services.

What to Expect This Summer

Students will be able to access on-campus services such as advising, enrollment, financial aid, bursar (payments), the library, campus bookstore, and more. Summer courses will continue in an online and virtual environment. Virtual services will continue as well. Check lc.edu for hours and links.

YOU MAY BE WONDERING...

Will students be allowed on campus this summer?

L&C's summer offerings will be online through the rest of the semester. Spring 2020 students who received an incomplete will be able to return to finish their coursework. Students can come to campus to access student support services or continue to access them online.

Will things go back to normal in the fall?

L&C will offer in-person, online, virtual and blended options for students in the fall, as we are able. Flexibility will be key in providing a safe learning environment. Our goal will be to ensure that students have access to quality educational opportunities in the safest way possible.

Are you going to take my temperature?

At this time, we do not have on-site temperature testing. However, anyone returning to campus will need to complete a self-reporting agreement that confirms you do not have any symptoms, have not been exposed to an infected person and have not been asked to quarantine for any reason.

What happens if I do get sick?

If you are feeling ill or running a temperature, please stay home. If you suspect COVID-19, self-quarantine and check your county's health department for information on testing sites. Do not return to campus until you are medically cleared to do so. If you are a student and test positive, please report your result to your faculty. If you are a team member, report your result to HR.

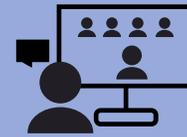

I still don't feel safe – what are my options?

If at any time you do not feel safe or you do not feel as though others around you are respecting IDPH and CDC requirements, please contact campus safety at 468-2300.

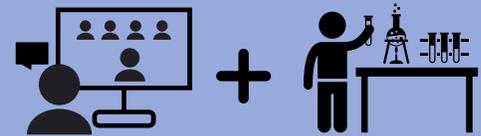

Looking Ahead to Fall

This fall, Lewis and Clark will offer a total of five different modes for course takers. Services will continue to be available on campus and virtually. When registering for courses, pay close attention to the abbreviation behind the course name.

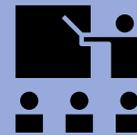

- **Virtual Class Meetings (VCM)** - Classes meet during schedule times through a virtual platform.

- **Virtual Blended Class (VBC)** - Classes meet during schedule times through a virtual platform and/or on campus for hands-on training, lab work, etc.

- **Traditional, Face to Face (TF)** - Classes meet on campus, in-person.

- **Online (WW)** - Fully online with no class meetings. Proctored tests may be necessary.

- **Web Blended (WB)** - Online with some on-campus requirements
